

# MA in Counseling with a Specialization in Marriage and Family Therapy

## **Program Mission Statement**

The mission of the MA Program in Counseling with a Specialization in Marriage and Family Therapy (MFT) at Daybreak University is to prepare students to be culturally competent, ethical, evidence-based, self-observing, and systemic marriage and family therapists.

## **Program Goal (PG)**

When students complete the MA in Counseling with a Specialization in Marriage and Family Therapy program, they will have the ability to:

- PG1. (Knowledge) The program will train students who demonstrate a foundational knowledge of marriage and family therapy theories, models, and interventions.
- PG2. (Practice) The program will train students who demonstrate a foundational competence to practice marriage and family therapy.
- PG3. (Diversity) The program will train students to practice MFT from a self-reflective and cultural competence foundation with a variety of diverse clients.
- PG4. (Ethics) The program will train students who demonstrate competencies related to legal and professional ethics, standards of practice, and personal awareness in their clinical work.
- PG5. (Research) The program will train family therapists who can consume and contribute to research in the field of marriage and family therapy.

## **Student Learning Outcome (SLO)**

- SL01. (Knowledge): Students will demonstrate comprehensive knowledge of systems theory concepts and MFT models and techniques.
- SL02. (Practice): Students will demonstrate competence in systemic/relational assessment, treatment planning, interventions, transfer, and termination.
- SL03. (Diversity): Students will demonstrate human diversity and practice culturally sensitive analysis and critical self-awareness when working with a diversity of individuals, couples, and families.
- SL04. (Ethics): Students will demonstrate ethical decision-making, case management, professionalism, and self-awareness in clinical practice..
- SL05. (Research): Students will be able to read and critically evaluate research for evidence-based application in the practice of marriage and family therapy.

## **MA MFT Program Requirement**

1. A completion of all required coursework with a minimum grade point average (GPA) of 3.0.
2. Courses with B- or below grade needs to be retaken.
3. Total of 90 credits
4. A satisfactory pass of comprehensive exam
5. Practicum and internship work
6. A settlement of all financial obligations with the University

## **Practicum and Internship Requirement**

1. Clinical Practice
  - 300 Client Director Contact hours\*
  - 100 Relational hours\*\* out of the 300 hours
2. Clinical Supervision
  - 100 Supervision hours (Group supervision = 8 students or less, Individual = 2 students or less)
  - 50 hours of observable data: Includes audio, video recordings, as well as live (behind the mirror, in the room, co-therapy, reflecting teams, etc.).
  - The MA MFT program provides regular and consistent clinical supervision throughout the student's clinical practice. For the clinical practice, students must enroll in the CFT 7900B Practicum course where clinical supervisors weekly

provide group supervision and/or individual supervision to the students. During the planned and unplanned interruptions in the supervision schedules, the clinical director provides weekly group supervision to the students.

\* **Direct Clinical Contact Hours** are defined as a therapeutic meeting of a therapist and client (individual, relational, or group) occurring in-person synchronously, either physically in the same location or mediated by technology. Assessments may be counted if they are in-person processes that are more than clerical in nature and focus. Also, therapy services delivered through interactive team modalities may provide direct client contact for specific team members who have in-person interaction with the client/system during the session. Therapy team members who engage the therapeutic process only behind the mirror may not count the experience as direct client contact. Activities such as telephone contact, case planning, observation of therapy, record keeping, training, role-playing, travel, administrative activities, consultation with community members or professionals, and/or MFT relational/systemic supervision are not considered direct client contact.

\*\***Relational hours**: Direct clinical contact hours in which a clinician delivers therapeutic services with two or more individuals conjointly, who share an ongoing relationship beyond that which occurs in the therapeutic experience itself. Examples include family subsystems, intimate couple subsystems, enduring friendship/community support subsystems, and residential, treatment, or situationally connected subsystems.

## **Outcome Based Education Framework**

Daybreak University's Ph.D. and MA Programs in Counseling with a Specialization in Marriage and Family Therapy utilizes an Outcome Based Education Framework. Accordingly, all the courses in the curriculum contain assessment methods for evaluating the course learning objectives, or the goals, of a course. The course learning objectives and associated assessment measures assist the faculty in determining if students have met various competencies. The coursework is organized so that students build skills by achieving competencies for success in their experiential components such as practicum and for success in higher levels of academic assessment such as comprehensive exams, comprehensive portfolio, and/or dissertations. The curriculum is logically organized in a sequential format where courses on a more basic level are taught earlier in the curriculum and as students advance in the program, mastering the initial courses, they are enrolled in more advanced and rigorous coursework. Some courses are offered earlier in the curriculum so students obtain a baseline in the content area which will assist them in succeeding in the more advanced courses.
